**Accommodation Review Committee
Presenters' Package**

The Kawartha Pine Ridge District School Board values public input from students, parents, and stakeholders during Accommodation Review Committee (ARC) meetings. Your assistance in providing the following information as part of your request to present to the ARC is appreciated. Your written application should be brief and should adhere to the following format.

1. PURPOSE

Please provide one or two statements outlining the topic of your presentation.

I wish to review the issue of accessibility of the schools that are under consideration for closure, so that discussion of what is best for all the students includes students with special needs.

2. RATIONALE

Provide background facts and information which will assist the ARC with understanding the issue.

- KPRDSB has >7000 students with special needs
- Legislation (AODA,2005), research, and board policy (Equity, Diversity and Inclusion policy, objective 3.5) are all aligned with the need to identify and remove barriers to accessibility.
- Not all schools are equally accessible, therefore not all programs are equally accessible

3. PRESENTATION CONTENT

- Brief highlighting of legislation, research, and board policy regarding accessibility
- Review of Special Education Plan Standard 17:Accessibility of School Buildings
- Analysis of data from Standard 17 "ENVIRONMENTAL CONSIDERATIONS FOR BARRIER FREE ACCESS TO BUILDINGS " for ARC schools
- Analysis of Barrier Free access within the City of Peterborough vs. the rest of the KPR
- Review of Barrier Free data from ARC data collection reports from Nov 2010
- Equity, Diversity and Inclusion policy
- Accessibility Plans for KPRDSB Sept 2009-Aug 2011
- Existing process for removing barriers
- Summary of Accessibility Upgrade projects from 2003-2010 for ARC school
- Urging for PROACTIVE approach to accessibility
- Review of rough projected costs for accessibility retrofit, in context of 7 years of accessibility upgrades
- Need for fiscal responsibility
- Request to committee to make a recommendation which will **increase** access to school buildings and programs in the interest of what s best for ALL students, and the community

1. Purpose:

Business model for an effective use of a School Facility, to use in the short term as a business incubator, which would maximize a school asset by sharing the facility for use as an education imitative, with Trent, Fleming College, Peterborough regional Hospital, and the New Canadians Center, as well as programs offered by KPRDSB. Creating a Skills Center to support business, and educational training, for the people of Peterborough.

Canada like many other countries around the world are experiencing a massive paradigm shift in skills and employment, where industries are changing, manufacturing is moving off shore, and there is a bounty of under utilized potentially skilled work force looking for new opportunities to keep the prosperity alive in our city, Province and Country.

My idea is to work with Trent University, Fleming College, the Greater Peterborough Economic Development Agency , The New Visitors Center, Our Hospital and KPRDSB. What I propose is to create a working skills center for everything from literacy programs, to skill trade apprenticeships, skilled programs such as Ultra sound Technician programs, offering a wide variety of programs, to support the local hospital, Business, and university, as well as the trades for future development. Fleming is experiencing a huge growth with their second career, and could benefit from extra program space. Maybe we could marry the Trent Forensic DNA programs, and offer a Pathologist residency program here at this new Centre. This center would draw people here for the opportunity of a future, some will stay and Peterborough will grow. When funding any new building initiatives either at Trent or Fleming, takes time and money, utilizing the facilities at Tasss would allow for program expansions, with no development costs incurred. This center could be a flagship program model for the entire country to follow.

The University Hospital in London years ago had the foresight to work with the surrounding colleges, and being a teaching hospital, worked together to ensure trained skilled workers such as Radiology technician, Ultra sound technicians, and other skilled worker be trained in London for the jobs in London. This is a clever move, and London has grown because of it. This week Fanshaw College, in London has announced it will open a campus for the Arts programming in the downtown core, they are setting up programs, and establishing a facility in the downtown to help **revitalize** and strengthen the downtown. By closing any schools, especially PCVS, Peterborough will be profoundly affected for years to come, and the businesses in the downtown, and in the city at large will be morning the loss of a vibrant

downtown economic region. It will cost you nothing to act now, but it will cost you greatly if the downtown losses PCVS, and the city losses a high school.

To close any school in Peterborough only promotes the negative image that Peterborough is a down trending community, and not a place to invest in. It is all about the prosperity of Peterborough. We need a clear positive vision for growth to ensure Peterborough does thrive.

Presenting a creative idea, which could be a model for other communities in Canada, or within the board. To allow the KPRDSB to preserve an asset for the future growth opportunity, and future population expansion.

1. Purpose

Please provide one or two statements outlining the topic of your presentation.

I will be speaking about the advantages of Kenner Intermediate at Kenner from the perspective of a Kenner Intermediate graduate who is now in grade 9.

2. Rationale.

I was a Grove Public School student during the whole Kenner Feeder School reorganization. I attended Grove Public School then Confederation as Grove was demolished and Roger Neilson Public School was built at the Grove site. We were all aware, as students, that we were losing King Edward School, Confederation and then Grove. The Kenner family of schools has already gone through this reorganization and adapted to having Kenner Intermediate. To close Kenner would not only affect the Kenner High School community but the Kenner Intermediate students, who now do not have a public school to go back too.

3. Presentation Content

Although we have participated in this reorganization, my presentation will focus on the positive aspects of Kenner Intermediate and the additional opportunities the grade 7 and 8 students have experienced as we grow into our high school years at Kenner.

I would appreciate being able to speak at my school on February 28th please.
