

- Dan Fitzgerald, Eirin O'Neill, Karen Hogan, Marg Beacock – Edsby
 - 2015 / 2016 was the first year that Edsby was implemented
 - Edsby is working hard to continue to grow and develop with schools by starting to integrate other platforms, such as google
 - It is a secure platform within KPR
 - Tips and Hints Document Attached – it is encouraged to send out to all parents in the schools.
- Asked the following questions
 - What is your expectation of communication between teachers, parents and schools
 - Consistency between all teachers would be ideal
 - It would have been nice to have a tips and hints page when it rolled out. Many parents do not know that it is secure, how to use it and why it is used.
 - Marks need to be up to date
 - Parents need to know that their child's data and information is protected.
 - What is helpful about Edsby
 - Assignments are posted and it is an easy check to see what is due and when.
 - You can message any teacher in the school
 - You are able to form groups so they can communicate together
 - Notices can be sent to let parents know what needs to be worked on
 - Good to see how your child is overall and not just in one subject.
 - What are some of the challenges for the parents
 - Many parents don't understand what it is and what it is used for.
 - Cell phones make it very confusing. (Looking at a computer is much more user friendly)

Guest Presentation

- Silvia Grdovic – Principal - What Clarke High School offers
 - There are 242 students and 17 teachers
 - There is a Child and Youth Worker on site that is shared with The Pines
 - Teachers are able to get to know everyone at the school
