1. POLICY STATEMENT

The Kawartha Pine Ridge District School Board (KPR) is committed to creating and sustaining safe and caring schools for the purpose of promoting learning, achievement and well-being.

Welcoming and engaging school environments lead to positive student experiences, especially when families and communities are intentionally involved. Safe and caring schools, both physically and psychologically, are a critical element to successfully nurturing positive student experiences. Schools must create a positive school climate and foster a culture of mutual respect. This policy promotes student safety by building a culture of caring and by taking meaningful, culturally responsive, culturally competent and consistent approaches.

The Board values the dignity and humanity of each individual while fostering the development of character traits in support of ongoing student success.

Behaviour occurs in context, is learned, serves a function and can change over time. All students benefit from clear, concise behavioural expectations as outlined in the Board's Code of Conduct. The Board acknowledges that students' individual identities may be impacted differently by historical and current systemic biases and oppression. To enhance safe and caring school climates, supports are provided, and inappropriate behaviour is addressed taking into account mitigating and other factors using a progressive discipline approach. A clear focus on developing healthy relationships using trauma-informed, culturally responsive approaches, and the timely reporting of inappropriate behaviours, allows for appropriate action to be taken. This may include a variety of supports and consequences up to and including suspension and expulsion.

2. OBJECTIVE

This policy authorizes the creation of administrative regulations with respect to safe and caring schools. This includes, but is not limited to, bullying prevention and intervention, student incident reporting, progressive discipline, suspensions, expulsions, critical incidents, substance use, sexual misconduct by students, anti-sex trafficking prevention

and intervention, safe arrival, and children in need of protection. These regulations provide comprehensive guidance and procedures to follow regarding safety for students and school communities.

The Board is required to adhere to all applicable legislation including the Education Act, the Ontario Human Rights Code, the Municipal Freedom of Information and Protection of Privacy Act, the Child and Family Services Act, the Occupational Health and Safety Act and the Accessibility for Ontarians with Disabilities Act.

6. POLICY

6.1 Positive School Climate Team

Each school must have a Positive School Climate Team whose primary function is to lead a safe and inclusive school environment. An existing committee such as the School Council may take on this role and should meet at least four times per year.

6.2 Code of Conduct for Students

The Board's Code of Conduct for Students (see Administrative Regulations ES-1.1.1, Discipline/Promoting Positive Student Behaviour/Code of Conduct and ES-1.1.1A, Appendix A: Discipline/Promoting Positive Student Behaviour/Code of Conduct) sets clear standards of behaviour that are firm and fair. These standards of behaviour apply to all individuals involved in the school system, including parents/guardians, volunteers, employees, whether they are on school property, on school buses, at school-related events, in the community, or in any other circumstances that may have an impact on the school climate. This includes, but is not limited to, online conduct and social media use.

The Board and its school staff will address actions that may have a negative impact on school climate, or a student's ability to learn or maintain healthy relationships. Actions that may be considered are outlined in Administrative Regulations:

- ES-1.1.1, Discipline/Promoting Positive Student Behaviour/Code of Conduct,
- ES-1.1.1A, Appendix A: Discipline/Promoting Positive Student Behaviour/Code of Conduct,

6.3 Restorative and Trauma-Informed Practices

The use of restorative, culturally responsive, trauma-informed practices is a means of building relationships, strengthening school communities, and maintaining safe, inclusive school cultures.

Restorative practice focuses on repairing the impact caused by harmful behaviour while holding individuals accountable for their actions. It provides an opportunity for the parties directly affected – victim, perpetrator and community – to express how they are affected and identify and address their needs that result from the behaviour in question. It seeks a resolution that affords reparation, healing, reintegration, and prevents future harm. Interventions occur along a continuum of restorative practices.

Trauma-informed practices increase safety, control and resilience for people in relation to experiences of violence and trauma that have resulted in negative health outcomes and behaviours.

6.4 Progressive Discipline

The range of interventions, supports, and consequences used by the Board and all schools must be culturally responsive, developmentally appropriate, consistent in expectations, and fair in approach. Interventions must include learning opportunities for students in order to reinforce positive behaviours and help students make good choices. The Board supports consequences for unacceptable behaviour up to and including suspension and expulsion. For students with special education needs, interventions, supports and consequences must be consistent with the expectations in the student's Individual Education Plan (IEP). The Board and school administrators must consider all mitigating and other factors as required by the Education Act and Regulations.

6.5 Mitigating and Other Factors

The Board, school administrators and school staff must consider all mitigating and other factors, as required by the Education Act and as set out in Ontario Regulation 472/07. The mitigating factors to be considered are outlined in Administrative Regulations:

- ES-1.1.2, Suspension, and
- ES-1.1.3, Expulsion.

6.6 Bullying

Bullying may be intentional or unintentional, direct or indirect. It can take many forms, including physical, verbal, and social. Physical forms of bullying may include, but are not limited to, hitting, pushing, slapping, and tripping. Verbal forms of bullying may include, but are not limited to, name calling, mocking, insults, threats, and sexist, racist, homophobic, or transphobic comments. Social bullying is more subtle and may involve such behaviours as gossiping, spreading rumours, excluding others from a group, humiliating others with public gestures or graffiti, and shunning or ignoring. Social bullying may also occur through the use of technology (e.g., images or hurtful comments through the use of email, cell phones, text messaging, Internet websites, social media or other technology). Instances of bullying and cyber bullying will result in the application of progressive discipline and may possibly lead to suspension or consideration for expulsion.

Factors to be considered with respect to bullying are outlined in Administrative Regulations:

- ES-1.1.1, Discipline/Promoting Positive Student Behaviour/Code of Conduct,
- ES-1.1.1A, Appendix A: Discipline/Promoting Positive Student Behaviour/Code of Conduct, and
- ES-1.1.2, Suspension.
