

ACCOLADES RECOGNITION PROGRAM

Accolades is a recognition program to honour significant contributions and/or achievements of Kawartha Pine Ridge District School Board (KPR) students, staff, and community members. The individuals and groups who meet the criteria will be recognized. When presentations are to be made, individuals will be honoured at the last regular meeting of the Board of the month. At that time, a brief rationale will be read by the Director of Education. KPR certificates of recognition will be presented by the Chairperson of the Board and trustees as appropriate. The selection will be based on the pre-determined criteria listed below. People within the system and the community-at-large will be encouraged to make nominations. These nominations are to be made using the second page of this form.

CRITERIA

Students

Significant achievements at the municipal, provincial, national or international level, including noteworthy accomplishments in academics, sports, the arts, citizenship or leadership. This includes:

- First to Third place achievement at the local municipal or the provincial level in any of the areas identified above.
- First to Tenth place at the national or the international level.
- Recommendation of the school principal as a result of special effort or accomplishment.

Staff

Significant achievements at the municipal, provincial, national or international level, including:

- Receipt of municipal, provincial, national or international awards.
- Development of initiatives that result in significant enrichment of the educational experience of students or colleagues or the advancement of public education.

Note: This does not include recognition for retirement or long-standing service.

School Community

Significant contributions that have a positive impact on the quality of educational programs and/or the educational experience of students, including:

- Contributions that reinforce the Board's mission, student achievement or other components of the multi-year Strategic Plan.
- Contributions resulting in positive promotion of KPR and public education.
- Initiation and development of partnerships that result in significant enrichment of students' educational experience or the effectiveness of the school district.

Accolades Nomination Form

NOMINEE:
