If you are not sure if an activity would be considered for your Community Hours, ask yourself the following questions:

**‘Is this activity displacing a paid worker?’**

If it is an activity –or job –that someone should be getting paid to do, then it does not qualify.

**“How is my volunteerism benefiting the community as a whole or an individual in need?”**

If you cannot identify an individual or community in need, then it does not qualify.

Please talk with your guidance department or school administration if you are unsure.
