

Rural and Northern Education Funding (RNEA)

The Rural and Northern Education Allocation (RNEA) is dedicated funding to further improve education for students from rural and northern communities.

Funding is allocated to school boards based on the number of rural students and two factors measuring the density of rural student enrolment in the school board.

School boards may use the funding for rural education based on local needs, including the following:

- improving programming and support services in rural schools (e.g., French Immersion, arts education and guidance counselling)
- continuing the operation of rural schools
- enhancing student transportation options such as late bus runs and mobile online learning through tablets or Wi-Fi

Funding allotted to the school board may be used for school-level expenses using the 'List of Schools Eligible for Rural and Northern Education Allocation' provided on the Ministry of Education website.

Each board must report publicly on how these funds will be used as well as which schools are recipients of RNEF support.

For 2024-2025, Kawartha Pine Ridge District School Board received an in-year allocation of \$834,914.

For the 2024-2025 school year the total allocation was spent as follows:
