Start times are approximate. Coaches and competitors are to be aware of the order of events and be ready to begin once the preceding event has finished.

Athletes- look at schedule ahead of time. If you have a conflict between a track and a field event- report to the field event asap and explain to the convenor that you have a conflict. The convenor will accommodate your jump/throw in advance. No athlete will be disqualified for being late unless the field event is announced to be closed. Field events will only be closed when all athletes on the list have competed or been deemed absent.

Throughout the day, students will gather with their school area on the grass area outside the track, supervised by their school/area coach. Please look for your coach when you arrive (tents are labelled). Events will be labelled with signs. Track participants will be organized outside the track area and escorted to the inner field for their races. Only participants are permitted on the inner track field.

Participants and parents should not approach the main tent for information. Please see your school coach for information.

Good luck to all participants.
